THE ANNUAL REPORT
OF THE
Superintending School Committee
OF THE
TOWN OF HAMPSTEAD.

DISTRICT NO. 1.

O. E. FOLLANSBEE, Prudential Committee.

Teacher for first term, Miss Flora M. Tucke.

The school started well but in a short time the teacher was forced to leave, on account of sickness; a second attempt met with a like result. The last half of the term was taught by Miss Annie L. Dow. The progress made was as good as could be expected under the circumstances.

The second term was taught by Miss Flora M. Tucke, and the third by Miss Susie M. Clifford. Good discipline, thorough work and excellent progress, were the marked features of both terms.

DISTRICT NO. 2.

CHARLES W. BAILEY, Prudential Committee.

The first and second terms were taught by Miss Ella E. Webster an experienced, faithful and efficient teacher, who gave her best efforts to the work and with good results. The third term was in charge of Miss Clara E. Whidden, who soon secured the good will and respect of her pupils. Commendable progress was made in the various branches taught during this term.

DISTRICT NO. 3.

RUFUS C. McNEIL, Prudential Committee.

Teacher for first term, Miss V. A. V. Goldsmith. The teacher was independent in manner, mild but firm in her discipline, thorough in her method of instruction and evidently was more intent on storing the minds of her pupils with useful knowledge, than in catering to their enjoyment.

Miss Vira L. Gove the teacher for the second term was young and inexperienced but succeeded very well considering that this was her first attempt at teaching.

DISTRICT NO. 4.

GEORGE FITTS, Prudential Committee.

Teacher for first and second terms, Miss May A. Fitts. Miss Fitts came highly recommended and proved to be admirably fitted for her work.

Teacher for third term, Miss E. Dora Currier. Miss Currier lacks the experience of her predecessor, but the school is evidently making good progress under her instruction.

DISTRICT NO. 5.

WALLACE BAILEY, Prudential Committee.

Miss Mary F. Alexander, Teacher. The school was quiet, orderly and deserves special commendation, for its marked improvement and thorough work.

DISTRICT NO. 6.

JAMES B. SARGENT, Prudential Committee.

Miss Almira J. Eaton, Teacher. The work done in this school deserves special praise and was perhaps, the most successful effort of this popular teacher.

DISTRICT NO. 7.

EMORY G. EATON, Prudential Committee.

Teacher for first term, Miss Alice M. Little. Miss Little gained the confidence and good will of her pupils and the general appearance of the school was very good but a little lack of thoroughness was noticed at the closing examination. The second term was taught by Miss Almira J. Eaton. Comment is unnecessary.

HIGH SCHOOL.

Principal, Forrest E. Merrill, A. B.

This school fully sustains its previous good reputation, and is an important element in our educational system. It is earnestly hoped that all who can will avail themselves of the advantages received by a course of study in this institution.

GENERAL REMARKS.

I am pleased to state in conclusion, that our schools as a whole, are in a flourishing condition. This gratifying result is due mainly to the careful selection of teachers by the prudential committee.

Doubtless the best results are secured to our schools by employing experienced teachers and we trust the time is not far distant when a special course of training will be required to qualify our teachers for their work.

Parental influence has much to do with the success of our schools. Good home influences go hand in hand with good schools and nearly every difficulty that occurs in our schools can be directly traced to improper home influences.

I take this opportunity to call your attention to the following amendment to the law relating to text-books, which passed at the last session of the legislature, and which takes effect March 1, 1884.

The amendment provides that, in addition to the studies previously named in the law, "teachers shall be examined in physiology and hygiene, with special reference to the effects of alcoholic drinks and narcotics upon the human system." The school committee may prescribe suitable rules and regulations, &c., provided that physiology and hygiene, including special reference to the effects of alcoholic stimulants and narcotics upon the human system, shall be prescribed in all schools sufficiently advanced.

Respectfully submitted,

WM. C. LITTLE, *Supt. School Com.*
